

the Y Ballarat – Road Safety Education and Safe Transport Policy – Early Years

Policy Number	Date Approved	Date Last Amended	Status
CP002-POPR	4/3/2020		Final

1. PURPOSE

To define the responsibilities of the Y to ensure that all children are:

- kept safe while travelling as pedestrians, cyclists or passengers in a vehicle
- able to participate in road safety education to assist them in being and becoming safe and responsible road users.

2. SCOPE

The scope of this Policy applies to all Board members, Sub Committee members, staff and volunteers. This policy applies to The Young Men’s Christian Association of Ballarat Inc and related entities and the Ballarat YMCA Youth Services. For the purposes of this document we refer to these as the Y. All Procedures must conform to this Policy.

This policy applies to the Approved Provider, Person with Management or Control, Nominated Supervisor, Person in day to day charge, educators, staff, students on placement, volunteers, parents/guardians, children and others attending the Y, including during excursions and regular outings.

This policy **must** be read in conjunction with the:

- Excursions and Service Events Policy
- Supervision of Children Policy
- Incident, Injury, Trauma and Illness Policy

The relevant legislation, source documents and useful resources can be found in Attachment 1.

3. VALUES

The Y is committed to:

- The rights of children to be active citizens in the community
- The rights of children to travel safely as passengers, pedestrians and cyclists
- An evidence-based approach in the provision of road safety education and practice
- The role of parents/guardians and families as children’s first and most influential teachers.

4. POLICY

Best Practice – Quality Area 2 (and 6)

Why is road safety education important?

Road safety education can help to reduce the risk of serious injury and death among young children by assisting them to develop skills, knowledge and behaviour about the safe use of roads.

Working collaboratively with families to help children become safe and responsible road users aligns with the learning outcomes of the Early Years Learning Framework (EYLF).

Volunteers and students, while at the service, are also responsible for following this policy and its procedures.

How does road trauma affect young people?

Road trauma is one of the leading causes of death among young Australians¹. Young children are at risk as passengers in motor vehicles, as pedestrians and as cyclists. They are particularly vulnerable due to:

- their small size and changing needs as they grow
- their cognitive and perceptual skills are still developing.

What is the early childhood service duty of care obligation?

Under duty of care obligations, services must develop appropriate procedures to guide staff to address situations where a child is observed to be at risk while being transported to or from the early childhood service.

This may include instances where a child is observed to be:

- travelling unrestrained
- travelling in an inappropriate restraint
- riding a bicycle or wheeled toy without a helmet
- instances where a parent/guardian is in an unfit state to drive due to intoxication or impairment

5. Roles and Responsibilities

Each person has a specific set of responsibilities depending on their role. The following tables outline the responsibilities of the:

- Approved Provider, Person with Management or Control
- Nominated Supervisor, Person in day to day charge and
- Early childhood teachers and educators

Responsibilities of the Approved Provider with Management or Control	
Area of responsibility	Role specific responsibility
Road Safety Education	Ensuring the provision of road safety education, based on the <i>National Practices for Early Childhood Road Safety Education</i> (Attachment 2).
Inclusion of all children in road safety education (refer to <i>Inclusion and Equity Policy</i>)	Ensuring that all children attending the service are included in road safety education.
Professional development/training in road safety	Ensuring access of educators and staff to regular professional development/training in road safety and ensuring they are kept up to date with current legislation,
Bicycle helmets	Ensuring the availability (in good condition) and use of bicycle helmets which meet Australian/New Zealand Standard 2063 for bicycles and wheeled toys (refer to Attachment 1, <i>Definitions</i>).
Location-specific road safety information	Ensuring the provision of location-specific road safety information (e.g. details about where to park safely when delivering and collecting children and local area speed limits etc.) to parents/guardians and visitors.
General road safety information	Ensuring the provision of general road safety information about transporting children to and from the service (which might include using the 'safety door' (the rear kerbside door), driveway safety, child restraint information and role modelling safe road use) to parents/guardians.
Access to policy by parents/guardians and its attachments	Ensuring that parents/guardians have access to this policy and its attachments.
Transport using buses	Ensuring that buses hired for use on excursions have fitted seatbelts that are correctly used by all children, staff and volunteers for the entire trip.
Vehicle crash or transport-related injury	Ensuring that appropriate procedures are followed in the event of a vehicle crash or transport-related injury involving any children, staff or volunteers from the service (refer to <i>Incident, Injury, Trauma and Illness Policy</i>).
Unsafe transport of a child	Establishing agreed procedures for staff to follow where a child is observed being transported to or from the premises in an unsafe manner (refer to Attachment 3 for procedure).

Responsibilities of the Nominated Supervisor and Person in day to day charge	
Area of responsibility	Role Specific Responsibility
Road Safety Education	Ensuring the embedding in the curriculum of Road safety education, based on the <i>National Practices for Early Childhood Road Safety Education</i> (Attachment 2).
Inclusion of all children in road safety education (refer to <i>Inclusion and Equity Policy</i>)	Working with teachers and educators to develop appropriate strategies to ensure all children attending the service are included in road safety education
Professional development/training in road safety	Organising access of teachers, educators and staff to regular professional development/training in road safety and are kept up to date with current legislation, regulations, rules, standards and best practice information. Providing teachers and educators with access to a broad range of road safety education resources
Bicycle helmets	Providing (in good condition) and use of bicycle helmets which meet Australian/New Zealand Standard 2063 for bicycles and wheeled toys (refer to Attachment 1, <i>Definitions</i>). Monitoring the correct use of bicycle helmets whenever bicycles or wheeled toys are used.
Location-specific road safety information	Ensuring that teachers and educators provide parents/guardians and visitors with location-specific road safety information. Ensuring that location specific road safety information is displayed at the service where relevant.
General road safety information	Ensuring that teachers and educators provide parents/guardians with information about road safety. Ensuring that general road safety information is displayed at the service where relevant.
Access to policy by parents/guardians and its attachments	Ensuring that parents/guardians have access to this policy and its attachments.
Transport using buses	Ensuring that buses hired for use on excursions have fitted seatbelts for use by all children, staff and volunteers.
Vehicle crash or transport-related injury	Ensuring that teachers and educators understand and follow appropriate procedures in the event of a vehicle crash or transport-related injury involving any children, staff or volunteers from the service (refer to <i>Incident, Injury, Trauma and Illness Policy</i>).

Unsafe transport of a child	<p>Ensuring that teachers and educators understand and follow the service's procedures where a child is observed being transported to or from the premises in an unsafe manner.</p> <p>Implementing the services agreed procedures when notified by a teachers or educator regarding their observation of children being transported in an unsafe manner.</p>
-----------------------------	---

Responsibilities of teachers and educators	
Area of responsibility	Role Specific Responsibility
Road safety education	Providing road safety education, based on the <i>National Practices for Early Childhood Road Safety Education</i> (Attachment 2).
Inclusion of all children in road safety education (refer to <i>Inclusion and Equity Policy</i>)	Including all children attending the service in road safety education.
Professional development/training in road safety	<p>Participating in regular professional development/training in road safety to keep up to date with current legislation, regulations, rules, standards and best practice information.</p> <p>Using a broad range of resources to support the delivery of road safety education.</p>
Bicycle helmets	Providing bicycle helmets which meet Australian/New Zealand Standard 2063 and ensuring that that they are correctly fitted where bicycles or wheeled toys (refer to Attachment 1, <i>Definitions</i>) are used.
Location-specific road safety information	Providing parents/guardians and visitors with location-specific road safety information.
General road safety information	Providing parents/guardians with information about road safety and actively communicating this information to families.
Access to policy by parents/guardians and its attachments	Providing parents/ guardians with access to this policy and its attachments and actively communicating this information to families.
Transport using buses	Ensuring the correct use of seatbelts in buses hired for excursions by all children, staff and volunteers for the entire trip.
Vehicle crash or transport-related injury	Following appropriate procedures in the event of a vehicle crash or transport-related injury involving any children, staff or volunteers from the service (refer to <i>Incident, Injury, Trauma and Illness Policy</i>), including notifying the Nominated Supervisor and Approved Provider as soon as possible after the event.
Unsafe transport of a child	Implementing the service's agreed procedures where a child is observed being transported to or from the premises in an unsafe manner.

EVALUATION

In order to assess whether the values and purposes of the policy have been achieved, the Approved Provider will:

- Regularly seek feedback from staff, parents/guardians and children, regarding its effectiveness
- Monitor the implementation, compliance, complaints and incidents in relation to this policy
- Keep the policy up to date with current legislation, research, policy and best practice
- Revise the policy and procedures as part of the service's policy review cycle, or as required
- Notify parents/guardians at least 14 days before making any changes to this policy or its procedures (this is a requirement under Regulation 172 of the National Regulations for policies mandated by law and would be considered best practice for all policies and procedures).

ACKNOWLEDGEMENT

This policy was developed by Early Learning Association Australia in consultation with VicRoads and the early childhood sector as part of the VicRoads Starting Out Safely program.

8. PROCEDURES/PRACTICES AND SUPPORTING DOCUMENTS

ATTACHMENT 3

National Practices for Early Childhood Road Safety Education

The *National Practices for Early Childhood Road Safety Education* have been developed by early childhood education and road safety experts across Australia and New Zealand. The eight national practices are based on research and are aligned with the Early Years Learning Framework.

The national practices guide early childhood educators and policy makers to develop, implement and evaluate evidence-based road safety programs that support children's and families learning about road safety. Refer to: <http://roadsafetyeducation.vic.gov.au/resources/early-childhood.html>

The eight national practices are as follows:

1.	<i>Holistic approaches</i>	Recognise that children's learning is integrated and interconnected when making curriculum decisions about road safety education.
2.	<i>Responsiveness to children</i>	Deliver road safety education which is responsive to individual children and extends children's strengths, knowledge and interests.
3.	<i>Learning through play</i>	Through play-based learning seek opportunities to address road safety in a way that expands children's thinking and encourages problem solving.
4.	<i>Intentional teaching</i>	Engage in intentional teaching which extends and expands children's learning about road safety.
5.	<i>Learning environments</i>	Provide opportunities in the learning environment, including the local community, for safe and meaningful interaction with children, parents and carers about road safety.
6.	<i>Cultural competence</i>	Implement road safety education that is culturally relevant for the diversity of children, their families and the community.
7.	<i>Continuity of learning and transitions</i>	Use the opportunity of transitions, in active partnership with children, families and the local community, for road safety education.
8.	<i>Assessment for learning</i>	Together with children and families, reflect on each child's learning and application of road safety to plan for future learning.

Sample procedure: When a child is observed to be at risk of harm while being transported to or from an early childhood premises

Service providers have a duty of care to ensure the safety of children is paramount. Service providers must also comply with their obligations under state or territory child protection laws.

Where a parent/guardian or authorised nominee (refer to *Definitions*) is observed not using a child restraint, using the wrong child restraint, using a child restraint inappropriately or engaging in other unsafe behaviours such as parking illegally or not using a bicycle helmet, the **educator should**:

- talk with the parent/guardian/authorised nominee about the importance of safe transport procedures, including the correct use of child restraints and/or relevant road safety behaviours
- provide/refer the parent/guardian/authorised nominee to relevant information regarding safe transport
- inform the Nominated Supervisor or Approved Provider (where relevant).

If the parent/guardian or authorised nominee persists with unsafe road use behaviours, the early childhood educator must notify the **Nominated Supervisor or Approved Provider, who should**:

- contact the parent/guardian/authorised nominee directly and discuss the importance of child restraint use and/or safe road user behaviour, including legal requirements and implications
- provide the parent/guardian/authorised nominee with a copy of the *Road Safety and Safe Transport Policy*
- offer/provide assistance to the parent/guardian/authorised nominee with the choice/purchase/installation/fitment of the correct restraint or bicycle helmet for their child
- follow up with the parent/guardian/authorised nominee, where required, to ensure that they have the most appropriate restraint for their child and that it is being used correctly.

If a parent/guardian or authorised nominee appears to be impaired or intoxicated when arriving to collect their child, the **early childhood educator should**:

- encourage the parent/guardian or authorised nominee to use an alternative form of transport or contact another authorised person to collect the child. If the parent/guardian or authorised nominee is not willing to use an alternative form of transport, the educator cannot prevent the parent/guardian or authorised nominee from taking the child
- notify the police and/or child protection authorities immediately if the educator is of the opinion that the child may not be safe in the care of the parent/guardian or authorised nominee.
